ABOUT TÜR – A BRAND WITH A MANAGEMENT TEAM HAVING 100 YEARS OF COMBINED INDUSTRY EXPERIENCE!

- TÜR is formed with a goal of providing comprehensive solutions within Architectural Door Hardware, Automatic Door Operators.
- Our management team has a combined industry experience of over **hundred** years working on complex projects ranging from Health, Education, Military, Hospitality and Commercial sectors across the Middle East. Coupled with the firm's skills in managing increasingly intricate submittal and approval procedures, our approach ensures the client of quality services that are provided with the highest standards of technical support.

OUR EXPERTISE

Successfully navigating the complexities of the construction and building materials sector requires deep market knowledge and the right industry connections—and that is where we excel. Our team of experienced professionals brings extensive expertise in the architectural door hardware and ironmongery industry, supporting international brands in market entry, project specification, distribution development, and strategic partnerships across the various markets.

OUR SERVICES

We take pride in offering a diverse range of professional services designed to meet the unique needs and requirements of our valued clients. With a commitment to excellence, innovation, and customer satisfaction, our comprehensive suite of services aims to elevate your experience and ensure success in your endeavors.

Regional Market Research

Tailored market research to identify opportunities and challenges. Regulatory compliance assistance for a smooth market entry.
Comprehensive feasibility studies to guide your investment decisions.

Technical Back-office Support

We assist with specifications, documentation, and product coordination to support smooth project execution in the architectural door hardware sector.

Manpower Research, Support & Sourcing

We help architectural door hardware brands identify and recruit skilled professionals for key roles, enabling efficient market entry and business growth.

Facility Utilization

Leverage the resources available at our current office facility, where workstations can be made available to facilitate the seamless continuation of day-to-day tasks.

SUCCESS STORIES

We take pride in our distinguished reputation as a company that owns and manages multiple brands while successfully expanding across diverse regional markets. Our unwavering commitment to excellence, combined with extensive industry experience, enables us to strategically grow our portfolio and establish strong brand presences in new territories. This positions us as a trusted partner in driving sustainable growth and delivering value across global markets.

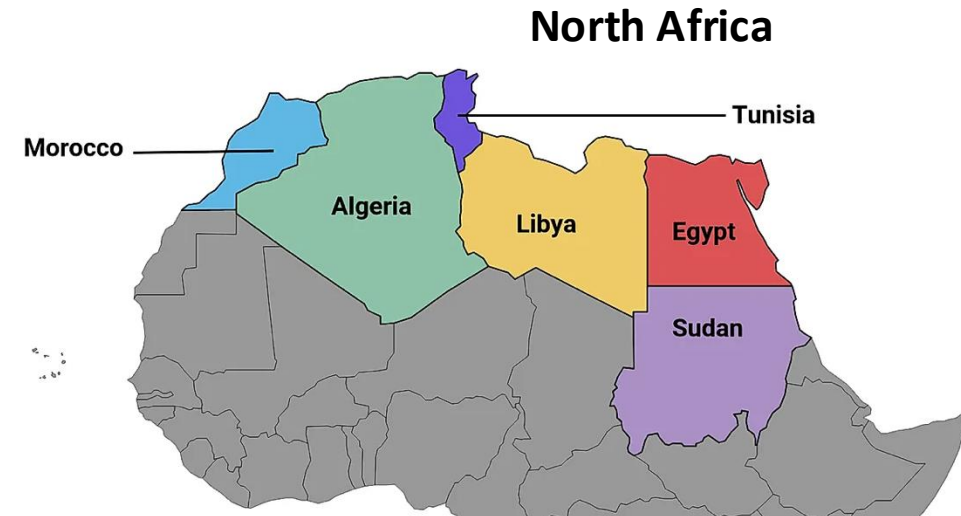

Expansion plan

As part of our forward-looking growth strategy, we are actively pursuing expansion into **Australia** and key markets across **North Africa**. These regions present significant opportunities for brand development, strategic partnerships, and long-term market penetration. Through careful market research, strong local collaborations, and a commitment to maintaining the highest standards, we aim to establish a solid footprint and further strengthen our international presence.

Why Tür?

Inhouse Master Key Facility

Unbeatable Value

Competition-Based Pricing Strategy

Our commitment to quality, combined with our streamlined production and distribution model, allows us to offer the most competitive pricing in the market. By partnering with tüR, you're not just getting top-tier products; you're also gaining a significant financial advantage. We believe that premium quality shouldn't come with a premium price tag, and we are confident that our pricing will help you win more bids and grow your business.

Unbeatable Value

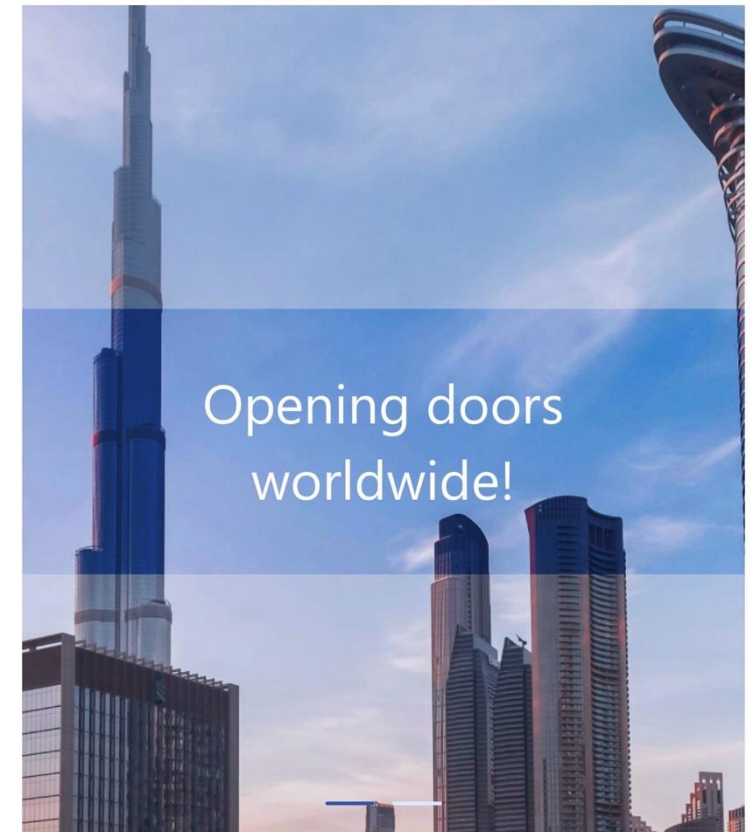

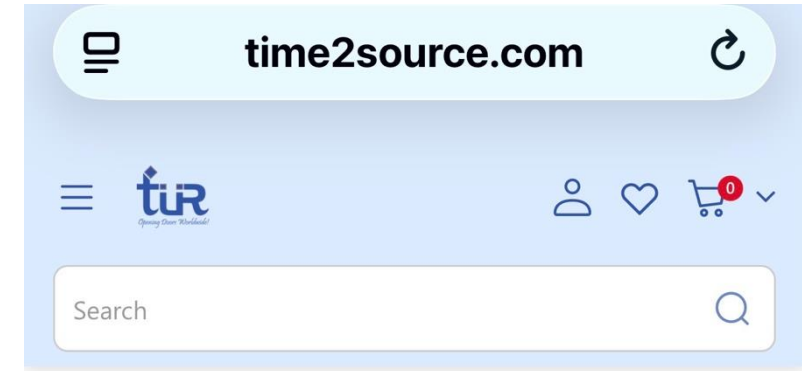

Local Support and Availability

We understand the importance of quick and reliable access to products. That's why we maintain a **comprehensive inventory in the UAE.** This local stock ensures that orders can be fulfilled promptly, reducing lead times and allowing you to better serve your customers without unnecessary delays. Our goal is to make the procurement process as smooth and efficient as possible for you.

Unbeatable Value

- **New online web shop**
- We are currently developing a new online web shop which will allow our customers to order products through online and get it delivered to their doorstep.

Main Brands and their revenue in Low, Medium & High Price Point (LPP, MPP & HPP) Segments

CURRENT VALUATION

- **Commercial valuation**

1. Total revenue till 31st December 2025 – \$ 8.1 million
2. Cumulative average GP of \$ 3.24 million at 40%
3. Total Commercial valuation GP $\$ 3.24 \times 5 = \$ 16.2$

- **Intellectual property = \$ 10 million**

1. Fully developed and certified EN Door Hardware valued at \$ 5 million
2. Fully developed and certified ANSI range products valued at \$ 5 million.
3. Fully developed Automatic door operators for swing and sliding doors.
4. Fully developed Door sealing system.
5. Fully developed access control products.

- **Brand Valuation is at \$ 20 million**

1. Brand presence in some of the major projects across the Globe.
2. Approvals taken from some of the key clients across Europe, The UK and The Middle East.
3. Brand presence in HPP, MPP and LPP market segments.

Targeted exit: Q1 2032

Exit valuation @ 5~6 times of the total revenue. (excluding brand value)

- Above conservative exit valuation is based on management team's vast past experience in developing, running and building of 3 earlier brands with successful exits as below.
1. Brand 1: Acquired at USD 60 million and sold after 8 years for USD 110 million. (excluding dividends)
 2. Brand 2: Started with investment of USD 400K which was sold after 9 years for USD 32 million.
 3. Brand 3: Started with investment of USD 300K and within 3 years was generating annual revenue of USD 1.5 million becoming the leading Master Key cylinder manufacturing brand in MEA.

Note: Brand names and details are available on request.

Investment Terms

Total Investment Required

USD 15M

Equity Offered to Investor

25%

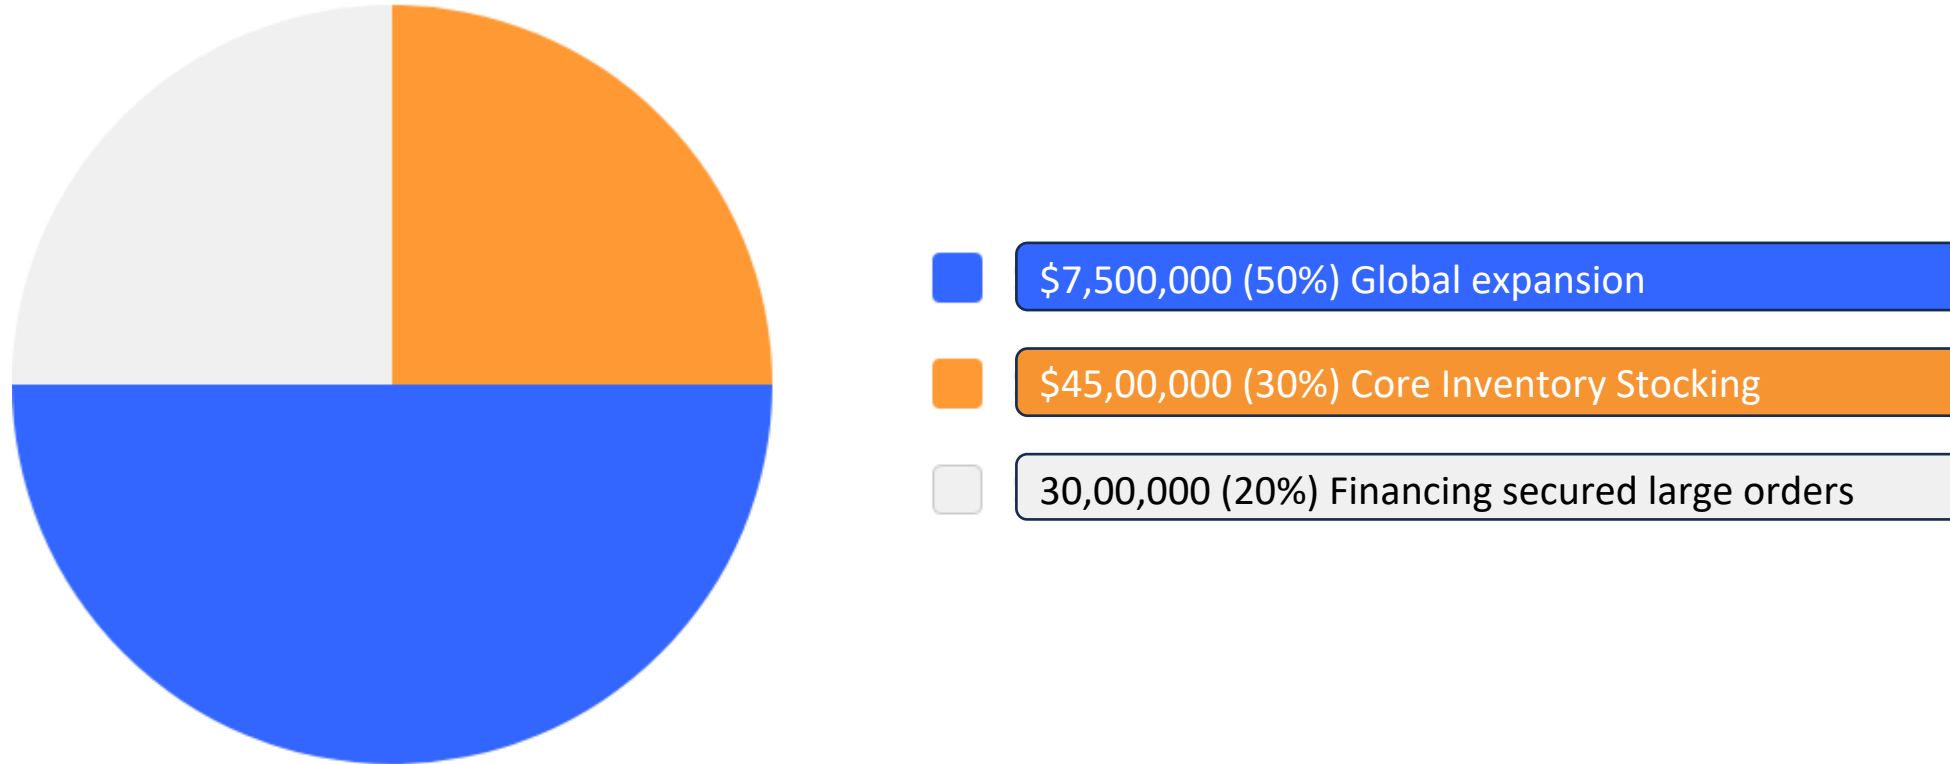

Targeted Exit Window

Q1 2032

Investor ROI:

- 1) FY 2028 onwards, annual dividend distribution of 50 ~ 70% of Net Profit, paid post-audit of financials for that year.
- 2) Q1 2032 (5 years after investment) exit target value of investor share = approx. USD 15 to 18 million.

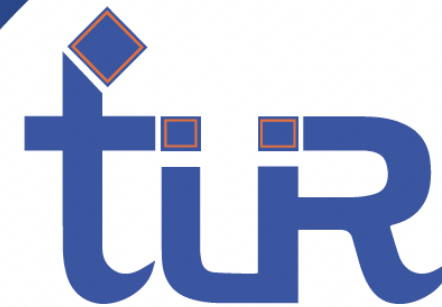

Fund Allocation: Fueling Scalability

50% of the capital (Order financing plus core inventory) is dedicated to unlocking immediate, large revenue orders with secured payment terms, providing fast liquidity and growth.
